EXPERIENCE

ALX Africa

Product Team Lead

(JUN 2024 - AUG 2024)

- Led a tech team to design, research and develop the prototype of a product.
- Developed leadership, communication and real world experience working with an agile team to deliver a prototype for a product.
- Interacted with tools used in the digital age workplace and gained proficiency in google suite and other essential technologies like discord and slack.

CareerEx (EdTech), Port Harcourt, Rivers State.

Backend Developer

(OCT 2024- DEC 2024)

- Developed the backend component of an event management and ticketing web app, integrated 3rd party APIs and wrote APIs to develop the product.
- Worked across teams with product Designers and frontend designers to design pages for development in an agile environment.
- Collaborated in a CI/CD team to deliver features for our product.
- Participated in technical and business meetings with developers and stakeholders to deliver a product that services customers needs.
- Took an active part in the development life cycle of my team's product.
